# Hassle-Free Shopping

Going on a getaway seems a bit farfetched these days, but conveniently getting an assistance to buy your favorite things at Pacific Place Mall? Now we're talking! Enjoy our latest **Personal Shopping Assistant** program exclusively for **PACIFIC Privilege Gold Members**, where we could help you to connect with your desired stores.

Get in the Halloween spirit at home by reusing your old costumes. It is a great way to still have fun and reduce waste at the same time. Another thing you can do to save the earth is to bring your own reusable bags when shopping. Since 1 July, **Pacific Place Mall no longer provides free plastic bags**. It's exciting to think about how much plastic usage we have reduced since then.

During your time at Pacific Place Mall, please be mindful of the **New Normal Procedures**. Keep your masks on at all times and feel free to access the many available hand sanitizers. Worry not, we regularly sanitized all areas and keep close count on the number of visitors.

For your convenience, **PACIFIC Point Rewards** can be redeemed into **PACIFIC E-Voucher** on the **Mobile App**. More physical distancing, more safety and of course, more rewarding.

# ONE APP FOR ALL

In the times when physical distancing is the norm and going cashless is much preferred, redeeming PACIFIC Point Rewards nowadays ticks all the boxes.

Your **PACIFIC Point Rewards** should not expire in vain, because it's as easy as opening the **Pacific Place Mobile Apps** to turn those Point Rewards into **PACIFIC E-Voucher**, valid for 30 days after redemption. The only thing you need to be thinking of now is where to spend your PACIFIC E-Vouchers.

Weekends are best spent with family and/or going on a shopping trip to Pacific Place Mall.

Specifically, because the **Triple Awesome Rewards** program is on. PACIFIC Privilege Members get not only double, but three times the usual Point Rewards by shopping anywhere in Pacific Place Mall. But wait, how many Point Rewards have you got so far? Just open your Mobile App and you'll find out.

Stay healthy, keep your masks on, and don't forget to download the Pacific Place Mobile Apps to be in the know about the latest offers and happenings.

# Now Eating : #FOODLICIOUS

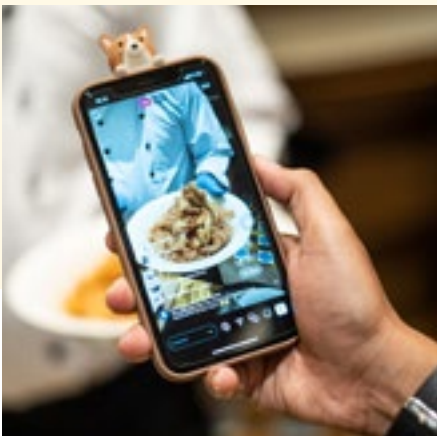

"What to eat?" should be considered a philosophical question by now. Try cooking unusual recipes? Check. Order take-away from your go-to restaurant? Check. Go on a culinary adventure tasting dishes from new establishments? Oh, how we wish we could!

Thank goodness for Instagram LIVE feature, because now you can re-watch our #Foodlicious eating show on @pacificplacemall Instagram. #Foodlicious went live every Thursday at 4 PM. The available episodes were shot in August and September before PSBB restrictions of dining in. But surely we're looking forward to the days where it's 100% safe to eat in restaurants again. In the meantime, you can totally order these food and beverages for takeaway and/or through online food delivery apps.

We went to the kitchen of **Busaba, Jeju Kitchen**, and **Kafe Betawi First** to have a good look on how their favorite menus were made and the safety protocols in the live cooking part. In mini talk show, the representatives from each restaurant told background story of their restaurants' dishes and gave recommendations. Of course, the most awaited and drool-worthy session is the food review, where we tasted tasty food and fresh drinks. To put a cherry on top, we also gave Dining Voucher for the best Q&A participant during the live session.

After watching our #Foodlicious episodes hopefully you've had your answers to "what to eat?" questions, at least for the next few days.

# A Taste of MAGIC

Kokumi drinks are probably what dreams and magic really taste like. It's really hard to pick PP's favorite since everything in the menu is colorful, refreshing, and the kind of yum you cannot find anywhere else.

But if PP really have to choose, these 4 drinks should be on your must-try list. First one is the **Midsummer Madness**. PP is mad about this one thanks to the sweet taste of vanilla sauce meets caramel, with coffee cream, chocolate topping and Belgian chocolate in it. A perfectly sweet chocolate drink.

For those looking for more colorful sight and taste, PP thinks **Rainbow Drink** is your to-go Kokumi drink. The mix of various-flavored yogurt with lychee jelly brings sweet and sour together, like an explosion of colors in your mouth.

Tea-lovers, these next two are for you; **Peach or Lychee Orange Cold Brew Tea** which offers green jasmine tea blended with fresh fruit pieces. Sweet with a teeny hint of sour, both are especially refreshing on the days when the sun shines a bit brighter than usual.

Meet the two adorable Kokumi icons, the magical cloud and the unicorn, on Level 4 when you're getting the drinks for take-away in person. Getting yours delivered to your home? Kokumi is also available on online food delivery platforms.

# LIBRA

23 SEPTEMBER -  
22 OCTOBER

## Take a Step into The Spotlight

Libra natives, this year will be more rewarding than the previous one: you'll live by doing what you want to do! Saturn and Jupiter will greatly support by helping you achieve business success and by boosting your morale and potential. Despite this, Pluto will be in the background and toying with your relationship. However, you will surprise those around you with your ability to sweep aside sad emotions in order to enjoy your individual freedom.

## Career: You Will Blossom

You are going to achieve a new high in your career, able to move forward and make great progress with your plans. The presence of the moon in the 10th house is indicating to be very good in the year's horoscope, which will show new opportunities in your career. Some good offers can also come this year. You are also going to work very hard, resulting in new responsibilities, new achievements. Moreover, your decision-making skills, determination and enthusiasm will all be strengthened.

## Love: Play Things Cool

Going to be favorable for your love life, due to which you will find happiness and love. Those who have not been able to meet any particular person for a long time can meet the right one. Some old memories can flash in front of your eyes suddenly and you might rekindle your old romances. You will open up to many people at the same time. You are encouraged to approach new people who can offer you unique and novel experiences through their lifestyle, hobbies and work.

## Wisdom for LIBRA:

*This is the sign of justice - a fair distribution of goods, rights and duties among all. On the hunt for balance and harmony, which can at times lead the person born under this sign to make excessive compromises.*

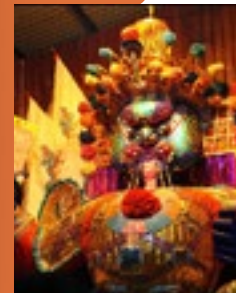

# 'TIS THE SEASON TO BE SPOOKED

*Having a specific spooky celebration is apparently a global thing. In the spirit of Halloween and not traveling anywhere anytime soon, read on and let PP take you to some countries to look at their versions of trick-or-treating!*

## THE DAY OF THE DEAD OR DÍA DE LOS MUERTOS

Probably the second famous supernatural festival in the world after Halloween, thanks to Pixar's movie *Coco*. Celebrated in Mexico from 31 October to 2 November, this holiday is when families welcome back the souls of their deceased relatives for a short feast slash reunion. The living family members build ofrendas or offerings made of the dearly departed's favorite foods. It's more touching than eerie, if PP has to say.

## THE HUNGRY GHOST FESTIVAL OR YU LAN

Observed in many parts of Asia but celebrated mainly in China and especially Hong Kong, the Hungry Ghost Festival falls on the 15th day of the 7th month in lunar calendar, or Ghost Day. The 7th month itself is called a Ghost Month, where gates of hell open and restless spirits wander and haunt the living. After those wandering, the ghosts get hungry. That's why people are required to prepare food, burn incense and paper offerings so that their ancestors could feast. During the Ghost Month, there are some taboos, such as don't get married and don't take photos at night. To ward off the wandering spirits, sprinkle rock salt on the floor outside your door.

## SAMHAIN

Usually celebrated from 31 October to 1 November, this festival marks the end of harvest season and the beginning of the "dark half of the year". The Scottish and Irish believe that the barriers between the living and the spirit world break down during Samhain. In Ireland, it was a practice to put on costumes and sing songs to the dead. Cakes were given as payment. Sound like trick-or-treating to PP! These days, Samhain is also celebrated widely by you and PP as Halloween.

Oooh, scary!
